Current Positions

University Researcher - Assistant Professor (RTDA) 2026 - present
Department of Economics, University of Salento

Senior Researcher 2026 - present
Fondazione Eni Enrico Mattei, Milan

Senior Researcher 2024 - present
*Laboratory of Applied Economics (LEA)
Department of Economics, Management and Business Law, University of Bari*

Adjunct Professor of Political Economy 2025 - present
Department of Economics, Management and Business Law, University of Bari

Past Academic Roles

Post-Doc Research Fellow 2024 - 2026
Department of Economics, Management and Business Law, University of Bari

PhD Candidate 2021 - 2025
Department of Economics, University of Modena and Reggio Emilia

Visiting PhD Candidate 2024
Solvay Brussels School of Economics and Management, Université libre de Bruxelles

Other Academic Roles

Subject Expert in Economic Statistics - SECS-S/03 2025 - present
Economics, Quantitative Methods and Business Strategy, University of Milano Bicocca

Subject Expert in Applied Economics - SECS-P/06 2024 - present
Department of Economics, Management and Business Law, University of Bari

Subject Expert in Political Economy - SECS-P/01 2023 - 2025
Department of Economics, University of Modena and Reggio Emilia

Subject Expert in Political Economy - SECS-P/01 2023 - present
Faculty of Economics, University of International Studies of Rome

Subject Expert in Statistics - SECS-S/01 2022 - present

Education

PhD in Economics

Department of Economics, University of Modena and Reggio Emilia 2025

II level Master in Banking and Risk Management

University Niccolò Cusano 2020

MSc in Economics and Business

University of Molise 2019

Teaching Activities

PhD-level courses

- 2025–2026: Contract Professor for the PhD course in "Transferable Skills" *Computer tools and statistical software for data analysis*, for PhD students and specialization students, *University of Bari Aldo Moro*.

Bachelor and Master degree courses

- 2025–2026: Teaching of Empirical Industrial Organization Competitive Analysis, SECS-P/06, MSc in Economics and Management, *University of Bari*.
- 2025–2026: Teaching of Principles of Political Economy (micro), SECS-P/01, BA in Business Administration, *University of Bari*.
- 2024–2025: Teaching of Principles of Political Economy (micro), SECS-P/01, BA in Marketing and Business Administration, *University of Bari*.
- 2022: Lecturer at the Academic Training Course in Sustainable Tourism in Marine Protected Areas – TuSAMP, *University of Foggia*.

Tutoring

- 2024–2024: Academic Tutor of Introduction to Macroeconomics, SECS-P/01, BA in Economics and Finance, *University of Modena and Reggio Emilia*.
- 2022–2024: Academic Tutor of Statistics, SECS-S/01, BA in Business Administration and Management, *University of Modena and Reggio Emilia*.
- 2022–2024: Academic Tutor of Statistics, SECS-S/01, BA in Economics and Finance, *University of Modena and Reggio Emilia*.
- 2022–2023: Academic Tutor of Statistics, SECS-S/01, BA in Economics and International Marketing, *University of Modena and Reggio Emilia*.

Teaching assistance

- 2022–2023: Teaching assistance for Economic and Competitive Scenarios, SECS-P/01, MSc in Business Management and Communication, *University of Modena and Reggio Emilia*.
- 2022–2024: Teaching assistance for Industrial Economics, SECS-P/01, MSc in Business Direction and Consulting, *University of Modena and Reggio Emilia*.

Work Experience

Economist

2018–2021

Regional Council of Molise, Via IV Novembre 87, Campobasso

Curricular Internship in Business Management

2018

Regional Health Authority of Molise – ASREM, Via Ugo Petrella 1, Campobasso

Publications

Articles in ANVUR Class A journals for Area 13

1. Buongiorno, A., Bergantino, A. S., Fusco, G., Intini, M., & Monturano, G. (2026). Insights from fuel prices: Fuel costs and spatial rail accessibility: Econometric evidence from an empirically-weighted network-based 3SFCA models. *Italian Economic Journal*. **Accepted**.
2. Bergantino, A. S., Buongiorno, A., Fusco, G., Intini, M., & Monturano, G. (2026). Fuel costs and spatial rail accessibility: Econometric evidence from an empirically-weighted network-based 3SFCA model. *Research in Transportation Business & Management*, 67, 101693, DOI: <https://doi.org/10.1016/j.rtbm.2026.101693>.
3. Bergantino, A.S., Intini, M., Fusco, G., & Monturano, G. (2025). Digital Divide and Income Inequality: Causal Evidence from Italian Provinces. *The Annals of Regional Science*, no. 1, DOI: <https://doi.org/10.1007/s00168-025-01440-z>.

Grants and Awards

- 2026** **Winner of the Giorgio Leonardi Doctoral Award – XLI Edition**, national award for the best doctoral dissertations in regional science promoted by the Italian Association of Regional Science (AISRe). Dissertation title: *Granular Policy Evaluation: Socio-Economic and Spatial Analysis in an Unequal Country*.
- 2026** European Commission, **Marie Skłodowska-Curie Postdoctoral Fellowship** (HORIZON-MSCA-2025-PF). *InterNetImpact – Interdisciplinary Research, Network Structure and Impact of Science*. **Evaluation: 88.6/100** (above funding threshold; highly evaluated proposal).
- 2025** **Winner of the "Valutare Premia" Award – VII edition**, awarded to the best doctoral dissertations on public policy evaluation in economics, promoted by the Regional Council of Lombardy. Dissertation title: *Granular Policy Evaluation: Socio-Economic and Spatial Analysis in an Unequal Country*.
- 2025** Regional Studies Association (RSA), **Research Travel Grant**. Funding for participation in the *65th WRSA Meeting*, Santa Fe, New Mexico, USA, 2026, in recognition of the scientific quality of the paper *Spatial Spillovers and Connectivity between Service Companies and Service Institutions in Italy: A Gravity-Based Approach*.

Participation in research projects at research institutions and universities

- 2025 – ongoing** Project funded by the Ministry of University and Research through Fondazione Eni Enrico Mattei, Milan, entitled: "MUR-FRES Project – One, alone, indivisible: the many Italies during COVID". Project objective: analyze territorial socioeconomic inequalities in Italy and the role of COVID-19 in widening them, using granular municipal data and advanced statistical techniques, with a European-wide comparison.
- 2025 – ongoing** Research activity for *ProduttivItalia – Study Centre of Entrobordo Association*, in collaboration with the *Department of Economics, University of Molise*, within the research project "*Productivity in the service sector*". The activity concerns the analysis of productivity dynamics in the Italian service sector, with particular attention to micro, small and medium-sized enterprises, sectoral performance over 2005–2025, intra-sectoral differences, the role of firm size, digital innovation and internationalization. The final output consists of a report with empirical evidence, international benchmarks and operational indications for public policies and managerial strategies.
- 2024 – 2026** –GRINS Project – Spoke 7 (Sustainable and Inclusive Growth). Research activity within the scope of the Research Fellowship, contributing to project reports, work packages, deliverables and scientific papers.
- 2023** Research project funded by the International Center for Tropical Agriculture (CIAT) through the University of Molise, entitled: "*Support Food Insecurity Early Warning Through Conflict Analysis (Phase 3)*".
- 2023** Research project funded by the International Center for Tropical Agriculture (CIAT) through the University of Molise, entitled: "*Digital Innovation Activity*".
- 2022 – 2023** –Research project of the Department of Economics "Marco Biagi" funded by university research funds 2022, entitled: "*The roles of instructor-student similarities, surnames, and beauty on UNIMORE students' outcomes and early career jobs*".

Formal research appointments from institutions and organizations

- 2026** Paid research appointment for *WITHUB S.p.A.*, within the project entitled: "*The ecological transition in automotive and the role of public demand: empirical evidence from the Italian public administration (2019–2025)*". The activity concerned the statistical evaluation of vehicle registration data from Italian public administrations, with the aim of analyzing the direction and speed of change in the ecological transition of the automotive sector.
- 2026** Paid research appointment for *A.P.S. Entrobordo* and *Mama Industry S.r.l.*, concerning the analysis of productivity in the service sector with reference to micro, small and medium-sized enterprises with 4–9 employees. The appointment included data collection and processing, statistical-economic analysis and the preparation of summary reports, with a national study and a territorial study focused on the Abruzzo Region.

Research activity for projects

- 2021** –Quantitative-econometric research activity for the Executive Project funded by the Institute for Industrial Relations Studies (ISRI), entitled "Impact evaluation of public policies: concepts, methods, applications" at the "*Ex post evaluation service relating to 2007-13 regional programming on cities*", for the evaluation of macro-level net impacts using counterfactual econometric methodology.
- 2022**
- 2019** –Research activity funded by FEDAM (Federation of Cooperative Credit Banks of Abruzzo and Molise), for the production of the Research Report: "*Research aimed at establishing community cooperatives with particular reference to the agriculture sector and land management activities in the inner areas of Molise*".
- 2020**

International Conferences

International

1. 65th Annual Meeting Western Regional Science Association. Santa Fe, New Mexico, USA, February 11-14, 2026. **Presentation:** *Spatial Spillovers and Connectivity between Service Companies and Service Institutions in Italy: A Gravity-Based Approach.*
2. XIII International Workshop on Computational Economics and Econometrics. Rome, December 2-3, 2025. **Presentation:** *Accessibility: Prediction with Network and Machine-Learning Framework.*
3. 64th ERSA Congress. Athens, Greece, August 26–30, 2025. **Presentation:** *Analyzing Accessibility to Citizenship Services. A Network Analysis and Machine Learning Approach.*
4. Speaker at CIML Training & Conference 2025, Frontiers of Causal Inference and Machine Learning, July 8, 2025, organized by IMT School for Advanced Studies Lucca. **Presentation:** *Spatial Evaluation of Essential Citizenship Services at Municipalities' Level: The Contribution of Network Analysis and ML.*
5. 2025 RSA Annual Conference. Porto, Portugal, May 6-9, 2025. **Presentation:** *Analyzing Accessibility to Citizenship Services. A Network Analysis and Machine Learning Approach.*
6. 63rd ERSA Congress. Azores, Portugal, August 26–30, 2024. **Presentation:** *Anticipating Delays in Cohesion Infrastructure Projects by Machine Learning.*
7. 63rd ERSA Congress. Azores, Portugal, August 26–30, 2024. **Presentation:** *Income Support Policies and Voting Behavior in a Dual Country. Evidence from Italy.*

8. 2024 RCEA (The Rimini Centre for Economic Analysis) International Conference in Economics, Econometrics, and Finance. May 20-22, 2024, Brunel University London. **Presentation:** *Anticipating Delays in Cohesion Infrastructure Projects. A Machine Learning Approach.*
9. Data Science & Social Research. 4th International Conference. March 25-27, 2024, organized by SIS at University of Naples Federico II. **Presentation:** *Anticipating Delays in Cohesion Infrastructure Projects. A Machine Learning Approach.*
10. Data Science & Social Research. 4th International Conference. March 25-27, 2024, University of Naples Federico II. **Presentation:** *Impacts of Cohesion Funds on Local Tourism. Counterfactual Analysis and Machine Learning Approaches.*
11. 62nd ERSA Congress. University of Alicante, August 30, 2023. **Presentation:** *Which Kind of Occupational Profiles Are More Likely to Evade? Evidence from Italian Provinces.*
12. 62nd ERSA Congress. University of Alicante, August 29, 2023. **Presentation:** *Place-Based Policies and the Location of Economic Activity: Evidence from the Italian Strategy for Inner Areas.*
13. 51st Scientific Meeting of the Italian Statistical Society (SIS). University of Campania Luigi Vanvitelli, June 22-24, 2022. **Presentation:** *Place-Based Policies and the Location of Economic Activity: Evidence from the Italian Strategy for Inner Areas.*

National

1. XXIV Annual Workshop SIEPI - Italian Society of Industrial Economics and Policy, University of Bari, January 29-30, 2026. **Presentation:** *Fuel Costs and Spatial Rail Accessibility: Econometric Evidence from an Empirically-Weighted Network-Based 3SFCA Model.*
2. 66th Scientific Annual Meeting (RSM) of the SIE - Italian Economic Society, Parthenope University of Naples, October 23-25, 2025. **Presentation:** *Analyzing Accessibility to Citizenship Services. A Network Analysis and Machine Learning Approach.*
3. XLVI Annual Scientific Conference of the Italian Association of Regional Science - AISRE, University of Pescara, September 10-12, 2025. **Presentation:** *Analyzing Accessibility to Citizenship Services. A Network Analysis and Machine Learning Approach.*
4. XLVI Annual Scientific Conference of the Italian Association of Regional Science - AISRE, University of Pescara, September 10-12, 2025. **Presentation:** *Analyzing Accessibility to Citizenship Services. A Network Analysis and Machine Learning Approach.*
5. XXVII SIET Conference Resilient and Sustainable Transport and Tourism: Evidence, Strategies and Policies, University of Bari "Aldo Moro", Department of Economics, Management and Business Law, Biblioteca Rendella, Monopoli (Bari), September 8-9, 2025. **Presentation:** *Analyzing Accessibility to Citizenship Services. A Network Analysis and Machine Learning Approach.*
6. XXIII Annual Workshop of the Italian Society of Industrial Economics and Policy (SIEPI), Department of Civil, Chemical, Environmental and Materials Engineering of the University of Bologna (DICAM), January 30-31, 2025. **Presentation:** *Analyzing Accessibility to Citizenship Services.*
7. 65th Scientific Annual Meeting (RSM) of the SIE - Italian Economic Society, University of Urbino Carlo Bo, October 24-26, 2024. **Presentation:** *Assessing the Effectiveness of the Italian Citizenship Income on Tackling Poverty and Inequalities: Evidence from Italian Municipalities.*

8. Twenty-first annual CiMET workshop, University of Enna "Kore", September 19-20, 2024. **Presentation:** *Assessing the Effectiveness of the Italian Citizenship Income on Tackling Poverty and Inequalities: Evidence from Italian Municipalities.*
9. XLV Annual Scientific Conference of the Italian Association of Regional Science - AISRE, University of Turin, September 4-6, 2024. **Presentation:** *Income Support Policies and Voting Behavior in a Dual Country. Evidence from Italy.*
10. Workshop "Inequality and Intergenerational Mobility: Measurement Issues, Empirical Evidence and Policies," Italian Association for the Study of Comparative Economic Systems, La Sapienza University of Rome, September 6, 2024. **Presentation:** *Exploiting COVID-19 Data to Identify Fragile Areas in Italy Using Geographically-Informed Clustering.*
11. 11th Meeting of the Federico Caffè Working Group: Economic Policies for People. March 22, 2024, Department of Economics, University of Perugia. **Presentation:** *Assessing the Effectiveness of the Italian Citizenship Income on Tackling Poverty and Inequalities: Evidence from Italian Municipalities.*
12. 11th Meeting of the Federico Caffè Working Group: Economic Policies for People. March 22, 2024, Department of Economics, University of Perugia. **Presentation:** *Income Support Policies and Voting Behavior in a Dual Country.*
13. XV Scientific Meeting SISTUR, Society of Tourism Sciences, University of Messina - Taormina, October 17, 2023. **Presentation:** *Impacts of Cohesion Funds on Local Tourism. Counterfactual Analysis and Machine Learning Approaches.*
14. 64th Scientific Annual Meeting (RSM) of the SIE - Italian Economic Society, Gran Sasso Science Institute (GSSI) of L'Aquila, October 21, 2023. **Presentation:** *Which Kind of Occupational Profiles Are More Likely to Evade? Evidence from Italian Provinces.*
15. XLIV Annual Scientific Conference of the Italian Association of Regional Science - AISRE, Parthenope University of Naples, September 8, 2023. **Presentation:** *Which Kind of Occupational Profiles Are More Likely to Evade? Evidence from Italian Provinces.*
16. 1st Italian Conference on Economic Statistics. Bicocca University of Milan, February 17, 2023. **Presentation:** *Which Kind of Occupational Profiles Are More Likely to Evade? Evidence from Italian Provinces.*
17. Study Conference of the Faculty of Communication Sciences, University of Teramo, April 26-28, 2022. **Presentation:** *Communicating and Perceiving Economic and Fiscal Policies. Information Asymmetry in Poverty Alleviation Policies and Wealth Taxes.*

Seminars and single lectures for degree courses, Masters and PhDs

- o Invited Seminar at the School of Excellence in Economics and Law of Pegaso University, June 16, 2026; seminar title: *Digitalisation & Inequalities in the Italian province*
- o Lecturer at the *Crash Course in Machine Learning for Data Analysis*, organized by the Laboratory of Applied Economics at the University of Bari, within the GRINS Spoke 7 Project, in collaboration with the Italian Society of Transport and Logistics Economics (SIET), February 2-4, 2026.
- o Lectures "Big data analytics" and "Real time big data processing" for the Master MTDS – Data Science & Data Management, University of Padua, May 15–16, 2024.

- Invited seminar for the University Course in Business intelligence and management information systems (Degree Course in Business Administration and Digital Management), Department of Management, University of Turin, May 8, 2023; seminar title: *Introduction to R. Application and Manipulation*.
- Invited seminar for the University Course in Local Development Economics (Degree Course in Economics and Management), Department of Management, University of Enna "Kore", March 30, 2023; seminar title: *Increasing the resilience of local economic systems: the National Strategy for Inner Areas*.
- Invited seminar for the University Course in Business intelligence and management information systems (Degree Course in Business Administration and Digital Management), Department of Management, University of Turin, May 5, 2022; seminar title: *Introduction to R*.
- Invited speaker at the First Level Master in Accessible and Sustainable Tourism, ISCOLLEGE – International Studies College SSML, July 2, 2021; seminar title: *Sport and sustainability: a possible TRADE-OFF*.
- Invited speaker at the First Level Master in Accessible and Sustainable Tourism, ISCOLLEGE – International Studies College SSML, May 16, 2021; seminar title: *Community-based Cooperatives: model for economic development and resilience of Inner Areas*.
- Invited speaker at the First Level Master in Accessible and Sustainable Tourism, ISCOLLEGE – International Studies College SSML, May 9, 2021; seminar title: *Social and economic analysis of the "South Beach" Project*.

Presentations at scientific seminars and workshops

- Invited speaker at the scientific workshop "Scientific Workshop on Territorial Transition", held at the Department of Economics, University of Foggia, February 20-21, 2026; presented paper: *Predicting Delays in Cohesion Infrastructure Projects*.
- Speaker at the scientific workshop "3rd Plenary Meeting on Territorial Sustainability" (Spoke 7 – GRINS), University of Bari "Aldo Moro", 2025; presentation of research results within the GRINS project (Spoke 7), funded by the European Union – NextGenerationEU.
- Speaker at the scientific workshop "3rd Workshop on Sustainable Finance: Innovation, ESG and Digital Finance" (GRINS), Ca' Foscari University of Venice, December 3–4, 2025; presented paper: *Socio-Economic Drivers of Accessibility: Prediction with Network and Machine-Learning Framework*.
- Invited speaker at the seminar "How can AI, digitalisation, and greening ensure smart and sustainable growth for EU regions and cities?", organized by ISTAT at the University of Campania, November 17, 2025; contributed presentation: *Machine Learning and Causal inference for economics*.
- Speaker at the international workshop "Regional Studies and Territorial Development: Place-Based Policies and Actions", organized within the activities of Spoke 7 of the GRINS project at the Department of Economics, Management and Business Law, University of Bari "Aldo Moro", May 18–19, 2025; presented paper: *Analyzing Accessibility to Citizenship Services: A Network Analysis and Machine Learning Approach*. Discussant: Prof. Ugo Fratesi (Politecnico di Milano).
- Speaker at the Multidisciplinary Territorial Policy Lab – Focus groups and Laboratories for resilience and sustainable local development, organized within the activities of Spoke 7 of the GRINS project in Castel del Giudice (IS), February 20–22, 2025; presentation of the study: *Accessibility to citizenship services (health, education, mobility): a municipal-level analysis*.

- Speaker at the scientific workshop "2nd Meeting on Territorial Sustainability" (Spoke 7 – GRINS), University of Bari "Aldo Moro", February 12–13, 2025; presented report: *Digital vulnerability and gap analysis*.
- Speaker at the scientific workshop "2nd Meeting on Territorial Sustainability" (Spoke 7 – GRINS), University of Bari "Aldo Moro", February 12–13, 2025; presented paper: *Health access and public transport: a complex network approach*.
- Invited speaker at the seminar "How can AI, digitalisation, and greening ensure smart and sustainable growth for EU regions and cities?", organized by ISTAT at the Parthenope University of Naples, November 26, 2024; presented paper: *Analyzing Accessibility to Citizenship Services: A Network Analysis and Machine Learning Approach*.
- Speaker at the Summer School in "Economic policy and welfare in a context of high inflation", organized by the EAEPE scientific association and the Department of Economics, Roma Tre University, July 5, 2023; presented paper: *The Impact of Italy's Strategy for Inner Areas on Depopulation and Industrial Growth: A Staggered Difference-in-Difference Analysis with Spatial Spillover Effects*.
- Speaker at the doctoral seminar "PhD Candidate", Department of Economics, University of Modena and Reggio Emilia, May 19, 2023; presented paper: *The short-run effects of Place-based policies. The case of the Italian Strategy for Inner Areas*.
